The following Terms of Service Agreement (the "TOS") is a legally binding agreement that shall govern the relationship with our users and others which may interact or interface with Bellyflop TV Ltd, also known as Bellyflop, located at 326a Empire Business Centre, Empire Way, Burnley, BB12 6HH and our subsidiaries and affiliates, in association with the use of the Bellyflop website, which includes <http://www.Bellyflop.tv>, (the "Site") and its Services, which shall be defined below.

DESCRIPTION OF WEBSITE SERVICES OFFERED

The Site is an e-commerce website which has the following description: This website is a website application that allows users to request Video Testimonials from people, create and produce their own original branded video content, create their own original Case Study videos and capture and send a video with video email. For the video testimonial tool, the person giving the testimonial will allow their computer with a web camera, tablet computer or mobile cellular device to have access to the camera's video and audio so the person can record their video testimonial. The Bellyflop website application will take that video file and create a produced video testimonial ready for the person requesting the video testimonial to use for marketing and promotional purposes as they deem fit. Each user can capture unlimited video testimonials, but is limited to capturing up to 35 per day, unless the user has paid for a mass capture corporate license. For the Branded Video tool, the user will be able to upload an original video filmed on either a smart phone, tablet or computer with a web camera and upload it to the Bellyflop website application for producing. The Case Study video tool will allow the user to send a willing customer three questions on which they will

Terms Of Service Agreement

record their answer using their smart phone, tablet or computer with a web camera. The Bellyflop web application will then create a video piecing together the 3 questions with the video answers into a fully produced video ready for approval and sharing. The Video Email tool will allow the user to record an up to ninety second video clip using their smart phone, tablet or computer with a web camera and send that video to their customer or prospect for them to view either in their email client or on an auto-generated web page for playback of the video content.
